Steps to run the test in the Windows machine:

- Install the Node JS
- Install the Playwright: **npm install playwright**
- Automated test file name: *LeadPagesAssignment.js*
- Run the file with the command **node LeadPagesAssignment.js LeadpagesAssignment1** ; here *LeadpagesAssignment1* is the password of the account
- If Google Chrome is installed on your machine at a location other than "`'C:\\Program Files (x86)\\Google\\Chrome\\Application\\chrome.exe'`;" , please update it accordingly in the test file
